

Parental Media Release Authorization

To publicize the great work the children of our Parish do, we like to occasionally include pictures of the children participating in Parish functions on our website or in the Nexus. Names or other information will not be included with the pictures.

As a parent or guardian, you have the right and the option to limit the release of the pictures. The permit will only be good from September 1 of one year to August 31 of the following year.

Protecting the children of this Parish is of prime concern. We want to work with parents and guardians to make sure this happens. If you would like to restrict the release of any information please check all that apply and sign below. No response indicates permission to use your child's name, face and/or achievements for media and website use.

Please return this form to the Director of Religious Education – Confirmation.

Only these options are available. Check all that apply. Please do not customize your request.

_____ Please restrict any website pictures and information.

_____ Please restrict any media pictures and information (Nexus, other printed publications, etc.)

Child's name: _____

Parent/Guardian signature _____

Printed name _____

Date _____
